First Announcement

CALL FOR PAPERS

We are pleased to announce that the XVth International Conference on Turkish Linguistics will be organized by University of Szeged between **August 20-22, 2010** at Szeged, Hungary. We invite papers on linguistic issues related to Turkish and/or other Turkic languages. The official languages of the conference will be English and Turkish. The conference will include the following types of presentations:

1. Individual papers

Individual or co-authored papers can be presented at the conference. The time allotted to each paper will be 20 minutes, plus 10 minutes for discussion.

2. Poster Sessions

Poster presentations aim at providing information about a work in progress, and/or recent research results. They will take place at the time and location designated by the organizing committee.

SUBMISSION OF ABSTRACTS

The deadline for abstracts is February 28, 2010. Each participant can submit only two abstracts of any type at most: one individual and one co-authored.

The abstract – not exceeding 250-300 words (examples and references excluded) – should include the topic, the research methodology, and a relevant bibliography. The abstracts will be submitted via the on-line form, which will be available on the conference web site. Although on-line submission is requested, submissions by e-mail will not be rejected. To submit your abstract by e-mail, please use the related form available on the conference web site. The abstracts sent by snail mail will not be accepted.

Please note:

We kindly ask the participants who intend to contribute a presentation of any type to let us know the name(s) of the contributor(s) in addition to the type and “temporary” title of their presentation by e-mail. The deadline for this pre-submission process is January 1, 2010. (You can revise the information sent in the pre-submission process later, during the “normal” submission process). The pre-submission process intends to help the organizers with administrative issues only, and by no means ends the abstract submission process. The final decision about the presentations will be made after evaluation of the abstracts to be sent up to February 28, 2010.

We appreciate your help in advance.

EVALUATION OF THE ABSTRACTS

All abstracts will be evaluated anonymously by a review committee whose members will be confidential. Selected papers will be announced on April 15, 2010.
